

# Laurel Mtn. Volunteer Group

## Trail Maintenance Dates for 2013

Dear Conservation Volunteer:

I am sending this flyer out to all DCNR Conservation Volunteers, to let you know of the organized trail maintenance dates for this summer and early fall.

The Laurel Mtn. Volunteer Group is comprised of DCNR Conservation Volunteers. Many volunteers are not affiliated with any specific group. The LMVG is also comprised of members of Laurel Highlands On-Off Road Bike Association (LHORBA), Pittsburgh Trails Advocacy Group (PTAG), Sierra Club, Laurel Summit Nordic Ski Patrol, Laurel Highlands Nordic Ski Patrol, Pennsylvania Equine Council (PEC), Pennsylvania Cross Country Skiers Association (PACCSA), Laurel Highlands Snowmobile Club, Maple Summit Snowmobile Club and Rolling Ridge Snowmobile Club. The LMVG was formed to coordinate the efforts of these organizations along with all non-affiliated volunteers.

Every year, we sit down as a group (a coordinator from each organization is present), to discuss projects and dates. This year, we decided to hold 3 organized work dates. I wanted to get them out to all of you, so you can get them on your calendar. These dates are:

- **Saturday June 8th**
- **Saturday August 24th**
- **Saturday September 28th**

**MARK YOUR  
CALENDAR**

Projects vary from date to date, but include brushing back trails, blazing trails, removing downed trees, litter pickup, fixing trail drainage problems and resurfacing of trails, installation of signage, building new trails, maintaining infrastructure such as the warming hut, etc.

On June 8th, among other projects, we will be installing a new roof on the warming hut.

I will send out a reminder before each event, closer to the actual dates. I sincerely hope you can help out on one of the dates listed. I look forward to seeing you out on the Forbes.

**Ed Callahan, District Forester
